November Meeting Minutes

Roll Call: 26 members present

Treasurer Report: No treasury report

New Members: None

Old Business:

John Elliott acknowledged whoever cleaned up and hauled away the old carpet and other materials left over from this summer's work. The ends of the runway will be sealed again in the spring. This will help build them up to match the rest of the runway surface.

New Business:

John Elliott said this will probably be the last meeting held until March. Last winter we tried to hold meetings at Safeway, but very few showed up. Mark Maral will forward any important information by email and the website. Since about 80% of the membership is currently receiving their newsletter online, there will be no more newsletters sent through the mail. It is expensive and a lot of work for the amount being mailed.

Doug Fahrney asked members when taking off and landing to clearly communicate their intentions with other pilots. Doug also reminded everybody there is to be **NO** aerobatic flying directly

over the runway or pit area. This area should be kept clear for safe takeoffs and landings. Flying directly over the runway is a real distraction to other pilots.

Meeting Adjourned: 10:35 AM
